

Cairns Primary School Parent Council

Hi folks

Just a wee message from Cairns Primary Parent Council:

Parent Council AGM this coming Monday 5th October 2020 at 7pm

The Parent Council is a small, friendly & welcoming group of parents/carers that liaise directly with the school SLT, making sure parents views are represented and taken into account in school & educational matters. I've provided a link giving more formal information on the role of the parent council.

<https://education.gov.scot/parentzone/getting-involved/parent-councils/about-parent-councils>

We also support the school in fundraising for the kids, be it for trips, activities, equipment, leavers gifts etc.; and cover the costs for the school App, as an additional means of improving communications between the school and parents. As you will appreciate, all the normal means of raising funds are severely restricted, so we will need to think outside the box for this school year and would welcome any suggestions you can offer here.

Pre-covid times we would meet with the SLT at the school on the first Monday evening of the month and when needed the PC would meet in smaller groups in less formal setting. As is the new normal everywhere, these meeting and discussions have moved online.

We would like to invite you to attend our Parent Council AGM this coming Monday 5th October 2020 at 7pm. If you drop us a message or email we will provide online meeting details.

Email: cairnsparentcouncil@gmail.com

As the saying goes, many hands make light work.... And we would welcome your help & support, be it as a member or a parent helper, for as little or as much time you can spare. Feel free to message us here, email us direct or chat in the playground!

Many thanks

Cairns Primary Parent Council
